# Try Before You Buy

## *Living at Home SeniorCare*

We are now caring for the generation that endured the great depression. They were victorious in World War II, and then ushered in a period of prosperity unprecedented in the history of mankind. How fitting the term; “the Greatest Generation.” It is no wonder these seniors are resistant to outside help!

- **2 Hours of Service**
- **No Cost, No Obligation**
- **Bonded, Insured Caregivers**
- **Award Winning Agency**
- **Transportation, Light House Keeping, Shopping**
- **Why Not Try It?**
- **603-546-6060**

One fear seniors have, often unstated, is what happens if they are dissatisfied with the caregiver who is sent to help them. It is in this spirit that Living at Home SeniorCare is now offering a very easy way for qualified seniors\* to accept caregiver assistance. We call it “**Try before you Buy**” The program is simple; Living at Home SeniorCare will provide two hours of homemaking, shopping or transportation to any qualified\* senior in our service area at no cost or future obligation. One of our experienced, insured, bonded caregivers will provide the service.

Although many seniors are reluctant to accept help, when they discover a caregiver who enriches their quality of their life and their time at home is extended, the service and comfort provided becomes invaluable. One of our clients put it best, “At first I did not think I needed any help, but since Kathy has been assisting me with errands and housekeeping, I do not know how I survived without her, your agency has been a real God send.”

Please use the enclosed coupons to refer a family caregiver or elderly person who has need for outside assistance but not sure who to call. We will be glad to assist them.

\*seniors must require outside assistance to perform activities of daily living
